

# Ccbe1 antibody - C-terminal region

Rabbit Polyclonal Antibody

Catalog # AI13431

## Product Information

|                   |                                                                         |
|-------------------|-------------------------------------------------------------------------|
| Application       | WB                                                                      |
| Primary Accession | <a href="#">Q3MI99</a>                                                  |
| Other Accession   | <a href="#">NM_178793</a> , <a href="#">NP_848908</a>                   |
| Reactivity        | Human, Mouse, Rat, Rabbit, Dog, Guinea Pig, Horse, Bovine               |
| Predicted         | Human, Mouse, Rat, Rabbit, Pig, Chicken, Dog, Guinea Pig, Horse, Bovine |
| Host              | Rabbit                                                                  |
| Clonality         | Polyclonal                                                              |
| Calculated MW     | 44357                                                                   |

## Additional Information

|                             |                                                                                                                                                                                                |
|-----------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Gene ID                     | 320924                                                                                                                                                                                         |
| Alias Symbol<br>Other Names | 4933426F18Rik, 9430093N24Rik, KIAA1983, MGC118667, mKIAA1983<br>Collagen and calcium-binding EGF domain-containing protein 1, Full of fluid protein homolog, Ccbe1, Kiaa1983                   |
| Format                      | Liquid. Purified antibody supplied in 1x PBS buffer with 0.09% (w/v) sodium azide and 2% sucrose.                                                                                              |
| Reconstitution & Storage    | Add 50 ul of distilled water. Final anti-Ccbe1 antibody concentration is 1 mg/ml in PBS buffer with 2% sucrose. For longer periods of storage, store at 20°C. Avoid repeat freeze-thaw cycles. |
| Precautions                 | Ccbe1 antibody - C-terminal region is for research use only and not for use in diagnostic or therapeutic procedures.                                                                           |

## Protein Information

|                   |                                                                                                             |
|-------------------|-------------------------------------------------------------------------------------------------------------|
| Name              | Ccbe1                                                                                                       |
| Synonyms          | Kiaa1983                                                                                                    |
| Function          | Required for lymphangioblast budding and angiogenic sprouting from venous endothelium during embryogenesis. |
| Cellular Location | Secreted {ECO:0000250 UniProtKB:Q6UXH8}.                                                                    |
