

# C6orf72 Polyclonal Antibody

Purified Rabbit Polyclonal Antibody (Pab)

Catalog # AP55901

## Product Information

---

|                          |                              |
|--------------------------|------------------------------|
| <b>Application</b>       | WB, IHC-P, IHC-F, IF, ICC, E |
| <b>Primary Accession</b> | <a href="#">Q9NU53</a>       |
| <b>Reactivity</b>        | Rat, Dog, Bovine             |
| <b>Host</b>              | Rabbit                       |
| <b>Clonality</b>         | Polyclonal                   |
| <b>Calculated MW</b>     | 36840                        |

## Additional Information

---

|                    |                                                                                                                                                                                                 |
|--------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Gene ID</b>     | 116254                                                                                                                                                                                          |
| <b>Other Names</b> | Glycoprotein integral membrane protein 1, GINM1, C6orf72                                                                                                                                        |
| <b>Dilution</b>    | WB=1:500-2000,IHC-P=1:100-500,IHC-F=1:100-500,ICC=1:100-500,IF=1:100-500,ELISA=1:5000-10000                                                                                                     |
| <b>Format</b>      | 0.01M TBS(pH7.4) with 1% BSA, 0.09% (W/V) sodium azide and 50% Glyce                                                                                                                            |
| <b>Storage</b>     | Store at -20 °C for one year. Avoid repeated freeze/thaw cycles. When reconstituted in sterile pH 7.4 0.01M PBS or diluent of antibody the antibody is stable for at least two weeks at 2-4 °C. |

## Protein Information

---

|                          |                                               |
|--------------------------|-----------------------------------------------|
| <b>Name</b>              | GINM1                                         |
| <b>Synonyms</b>          | C6orf72                                       |
| <b>Cellular Location</b> | Membrane; Single-pass type I membrane protein |
