

# CTLA4 Rabbit mAb

Catalog # AP76976

## Product Information

---

<b>Application</b>	WB, IF, ICC
<b>Primary Accession</b>	<a href="#">P16410</a>
<b>Reactivity</b>	Rat, Human, Mouse
<b>Host</b>	Rabbit
<b>Clonality</b>	Monoclonal Antibody
<b>Isotype</b>	IgG
<b>Conjugate</b>	Unconjugated
<b>Immunogen</b>	A synthesized peptide derived from human CTLA4 (CD152)
<b>Purification</b>	Affinity Chromatography
<b>Calculated MW</b>	24656

## Additional Information

---

<b>Gene ID</b>	1493
<b>Other Names</b>	CTLA4
<b>Dilution</b>	WB~~1/500-1/1000 IF~~1:50~200 ICC~~N/A
<b>Format</b>	Liquid in 10mM PBS, pH 7.4, 150mM sodium chloride, 0.05% BSA, 0.02% sodium azide and 50% glycerol.
<b>Storage</b>	Store at 4°C short term. Aliquot and store at -20°C long term. Avoid freeze/thaw cycles.

## Protein Information

---

<b>Name</b>	CTLA4
<b>Synonyms</b>	CD152
<b>Function</b>	Inhibitory receptor acting as a major negative regulator of T-cell responses (PubMed: <a href="#">11279501</a> , PubMed: <a href="#">11279502</a> , PubMed: <a href="#">16551244</a> , PubMed: <a href="#">1714933</a> , PubMed: <a href="#">18641304</a> , PubMed: <a href="#">28484017</a> ). Acts as a decoy receptor: the affinity of CTLA4 for its natural B7 family ligands, CD80 and CD86, is considerably stronger than the affinity of their cognate stimulatory coreceptor CD28 (PubMed: <a href="#">11279501</a> , PubMed: <a href="#">11279502</a> , PubMed: <a href="#">16551244</a> , PubMed: <a href="#">1714933</a> , PubMed: <a href="#">28484017</a> ).
<b>Cellular Location</b>	Cell membrane; Single-pass type I membrane protein. Note=Exists primarily an intracellular antigen whose surface expression is tightly regulated by restricted trafficking to the cell surface and rapid internalization

**Tissue Location**

Widely expressed with highest levels in lymphoid tissues. Detected in activated T-cells where expression levels are 30- to 50-fold less than CD28, the stimulatory coreceptor, on the cell surface following activation.

Please note: All products are 'FOR RESEARCH USE ONLY. NOT FOR USE IN DIAGNOSTIC OR THERAPEUTIC PROCEDURES'.
