

## FLI1 Antibody (monoclonal) (M07)

Mouse monoclonal antibody raised against a full length recombinant FLI1.

Catalog # AT2061a

### Product Information

---

|                          |                          |
|--------------------------|--------------------------|
| <b>Application</b>       | WB, IF                   |
| <b>Primary Accession</b> | <a href="#">Q01543</a>   |
| <b>Other Accession</b>   | <a href="#">BC001670</a> |
| <b>Reactivity</b>        | Human                    |
| <b>Host</b>              | mouse                    |
| <b>Clonality</b>         | monoclonal               |
| <b>Isotype</b>           | IgG2a Kappa              |
| <b>Clone Names</b>       | 1H4                      |
| <b>Calculated MW</b>     | 50982                    |

### Additional Information

---

|                           |                                                                                                                    |
|---------------------------|--------------------------------------------------------------------------------------------------------------------|
| <b>Gene ID</b>            | 2313                                                                                                               |
| <b>Other Names</b>        | Friend leukemia integration 1 transcription factor, Proto-oncogene Fli-1, Transcription factor ERGB, FLI1          |
| <b>Target/Specificity</b> | FLI1 (AAH01670, 1 a.a. ~ 452 a.a) full-length recombinant protein with GST tag. MW of the GST tag alone is 26 KDa. |
| <b>Dilution</b>           | WB~~1:500~1000 IF~~1:50~200                                                                                        |
| <b>Format</b>             | Clear, colorless solution in phosphate buffered saline, pH 7.2 .                                                   |
| <b>Storage</b>            | Store at -20°C or lower. Aliquot to avoid repeated freezing and thawing.                                           |
| <b>Precautions</b>        | FLI1 Antibody (monoclonal) (M07) is for research use only and not for use in diagnostic or therapeutic procedures. |
